#### **When can I go?**

We send students to do their internships year round, depending on the hotel's availability. Therefore, we recommend starting the application process at least three months before the date of the beginning of the internship.

Working hours depends on the internship program in which students are participating. Normally, working hours are from 35 to 40 hours per week, with two days off per week.

**Destination:** International Internships

Varies depending on the destination. Some hotels provide accommodation and meals, but do not give compensation. Accommodation can be single or double. When accommodation is in the same hotel, the student will have full board included. In other cases, the student will have the meal in working hours.

If there is no accommodation included, Pocket Money are available, depending on the hotel (between 400 and 500 € monthly). If accommodation is not included, EITR can help find suitable accommodation.

Students can choose any destination and department that they wish. (The conditions depend on the destination and the company).

### **In which department I will be working?**

The department will depend primarily on the level of language abilities, the experience of the student and the availability of the chosen hotel.

The most common are front desk department, food and beverage department, housekeeping, marketing, etc ...

### **What if I do not support the destination I selected?**

In some cases, upon your arrival, the hotel management may decide that they are not interested in your professional profile. In these cases, EITR will provide you with a new destination that suits to your career goals.

If you decide not to go, you must provide a reason. If its force majeure, we will change the date of departure.

If you decide not to go after making your payment, you will be

refunded 50% of the total program (provided that the cancellation is at least 2 weeks before the departure date).

EITR will be responsible for changing the destination if the hotel is at fault but is not responsible if the student is at fault.

### **And once I finish the internship?**

To receive your diploma

For the international diploma, students have to write an analysis of the entire training period and obtain a favourable report from the director of the hotel or the company where they served their internship.
